New Softer Formulation!

We are pleased to introduce our new softer formulation Rigid PVC for thermoforming.

Modified to allow for easier die-cutting and processing, this grade is ideal for the most demanding and intricate molds and dies.

Please contact your sales representative for a free sample roll.

Virgin Grade PVC			
Thickness	Width	with Silicone	w/o silicone
.015	18.5	1,962	0
.015	25.5	582	0
.020	24.5	849	0
.025	21	2,655	0

Virgin Grade PVC (Red Tint)			
Thickness	Width	with Silicone	w/o silicone
.035	24	2,163	0
